Marijuana. For some of you, my friends, it's a dangerous drug, for some a way to have fun and relax, for some a cure to ease the pain, for some (like me) a help to get open and united, to start feeling and stop thinking. Whether you treat marijuana as a kid eating a sweet for a moment of pleasure, or you are looking for much deeper cannabis experience for your soul, welcome! It's an amazing feeling to grow a beautiful cannabis plant, smoke a homegrown marijuana joint with friends and enjoy the moment here and now!

Peace and happy growing
